

Mayor Brindle's
COVID-19 Update
October 2, 2020

Today, there are 206,629 confirmed cases of COVID-19 in New Jersey to date, with another 342 still under investigation. Union County has reported 17,789 cases in total, with Westfield reporting three new cases since my last update on Tuesday (one on Wednesday and two today) -- bringing our total to 394 since our first reported case in March.

As announced last week, I will be using Friday updates strictly for the purposes of reporting weekly data from the Department of Health, with my more expansive updates to continue every Tuesday going forward.

From September 25 through October 1, there was one case of COVID-19 reported in Westfield in our official case count (prior to the two that came in today). The Health Department confirms this case was associated with the cluster reported at Darby Road Restaurant & Bar in Scotch Plains.

Please continue to stay diligent with COVID-19 precautions, and enjoy your weekend! I will be on Quimby Street Saturday morning from 9:00-10:30 with Chief Battiloro to chat with residents and answer any questions you may have. Please mask up, stop by, and say hello!
